## Description

Harimoto Tomokazu Innerforce ALC Blade with Dignics 05 & Tenergy 05 Rubbers

Dignics 05 (Black)

Description

Dignics 05 (Black) is a revolutionary rubber in the Dignics series, featuring a unique structure that provides exceptional spin and speed. It is highly suitable for players who prefer a heavy top spin.

Tenergy 05 (Black)

## Description:

The first and most popular rubber in the Tenergy series, the Tenergy 05 is a revelation in table tennis technology. This rubber enables amazing levels of spin during play and is coupled with the revolutionary Spring Sponge Technology, an amazing Butterfly technology that imparts incredible speed on the ball. It is highly suitable for players that particularly like to attack with heavy top spin.
