

## Tenergy 05

### **Butterfly Rubber Rating:**

**Speed:** 13.0

**Spin:** 11.5

**Sponge Density:** 36

**Description:** The first and most popular rubber in the Tenergy series, the Tenergy 05 is a revelation in table tennis technology. This rubber enables amazing levels of spin during play and is coupled with the revolutionary Spring Sponge Technology, an amazing Butterfly technology that imparts incredible speed on the ball. It is highly suitable for players that particularly like to attack with heavy top spin.
